

Fig. 1

FIG. 2 is a perspective view of a multi-layered structure 10, showing a top layer 104, a middle layer 100, and a bottom layer 106. The middle layer 100 is composed of a series of parallel ridges 108 and valleys 112. The top layer 104 and bottom layer 106 are flat. The structure 10 is shown in a perspective view, with the layers 104, 100, and 106 being separated from each other. The ridges 108 and valleys 112 are also shown in a perspective view, with the ridges 108 being higher than the valleys 112. The structure 10 is shown in a perspective view, with the layers 104, 100, and 106 being separated from each other. The ridges 108 and valleys 112 are also shown in a perspective view, with the ridges 108 being higher than the valleys 112.
